

Wilcox Central High School

Athletic Emergency Action Plan Game (Football) 2018 -2019

CODE RED is the call to action made by any coach during practice or game when a player has sustained a serious and/or life threatening injury. When a coach yells, “Code Red” all activities immediately cease and the following plan is to be enacted:

- 1) **Coach Powell** (Trainer) will immediately examine the player to determine his need and our next course of action. **TRAINER IS IN CHARGE.**
- 2) **Coach Ballard** will *immediately call for ambulance and rescue squad.*

Address: Medicare Ems Ambulance
317 McWilliams Avenue
Camden, Al. 36726

Reginald Powell or **Coach Kidd** will make the phone call. If you don't have yours on phone, **Coach Rucker** will be with **Trainer** and relay any necessary information to the rescue squad in route. He will then *directly assist **Trainer** with the injured player.*

- 3) **Coach Ballard** will *immediately gather all players in an area away from the injured player.* Players will take a knee and await further instructions on where to go.
- 4) **Coach Payne** will *immediately acquire vehicle for transportation of player* if for any reason ambulance is not available and transport is necessary. This will be determined by **Trainer.**
- 5) **Coach Kidd** will *secure medical records.* Records will be stored in the field house when the team practice. *Relay any information to **Trainer** which may affect treatment (i.e. allergy, diabetes, prior injury, etc.).* **Coach Powell** will have records available for rescue squad or give to **Coach Rucker** if player has to be transported by our travel team.
- 6) **Coach Ballard** will *secure a clear path for entry and exit of any emergency vehicle(s).* This may include clearing parents/spectators or having equipment moved. **Coach Rucker** and **Coach Payne** will be visible at entry point and direct emergency vehicle(s) in.
- 7) Away Procedure – **Trainer** (and **Coach Rucker** if necessary) will accompany injured player. **Coach Ballard** will contact parent/guardian to have insurance information ready. **Coach Kidd** will address team as needed and help follow away procedures. The

remainder of the staff will secure the team's departure, equipment, and facilities under the direction of **Coach William**.
